

**Annex H****Environmental Impact Report**

In attention of:
[name, surname Head of JS]
[Address of JS]

(The submission of this report is MANDATORY for the projects which were subject to Environmental Impact Assessment, according to national legislation)

Considering the programme's strong commitment to the green transition objectives, this report **shall be filled in by all projects**, regardless of the Priority or specific objective, to highlight their project's contribution to one or more of the following:

- environmental protection;
- climate change adaptation and/ or mitigation;
- energy efficiency and/ or resource efficiency

This report shall be sent by ALL PROJECTS to the Joint Secretariat with the Final Report of the Project.

1. PROJECT DETAILS

Priority:

Specific Objective:

Project Code:

Project Title:

Geographical Location of project: (county/district, city)

Lead Partner:

Date when the project was approved:

Date final report sent to JS :

2. PROJECT ENVIRONMENTAL IMPACT

Environmental issues		YES	NO	Additional information
Air/Climate change	<ul style="list-style-type: none"> ▪ Your project contributed to the reduction of greenhouse gas emissions from different areas of activity in order to achieve EU objectives 			
Air/Climate change	<ul style="list-style-type: none"> ▪ Your project contributed to climate change adaptation and preventing natural risks, promoting ecosystem benefits 			
Water (surface and groundwater)	<ul style="list-style-type: none"> ▪ Your project contributed to the reduction of pollution of surface and groundwater 			
Soil	<p>Your project contributed to the reduction of emissions of pollutants into the atmosphere (COX, NOx, SO2, particulate matter, heavy metals, VOC, PAH) results during the construction / exploitation period of the project</p> <ul style="list-style-type: none"> ▪ Your project contributed the reduction of the accidental pollution recorded and the affected areas (as a result of the implementation of the project), including the quantity and type of substances that caused the accidental pollution 			
Biodiversity	<ul style="list-style-type: none"> ▪ Your project contributed to maintaining or improving the conservation status of species and habitats within protected natural areas and in the vicinity of the project 			

Cultural aspects	<ul style="list-style-type: none"> Your project contributed to the preservation of cultural heritage elements; 			
Conservation of natural resources	<ul style="list-style-type: none"> Your project contributed to reducing the exploitation of depleted resources and facilitating the use of renewable resources; 			
Waste	<ul style="list-style-type: none"> Your project contributed to reducing the quantities of generated waste and increasing recycling/revaluation for all types of waste by integrating circular economy solutions 			
Energetic efficiency	<ul style="list-style-type: none"> Your project contributed to improving energy efficiency and sustainable use of resources 			

3. OTHER ASPECTS

If you still have further comments on the environmental impact please insert them here.
